

Bloody Riots by Communists in France

By GODFREY ANDERSON

PARIS (AP)—Communists today threatened strikes and more demonstrations after a wild night of bloody rioting in Paris in which eight persons were killed and hundreds injured.

The Reds accused the police of "unbelievable savagery" in three hours of fierce street fighting which erupted from a Communist demonstration protesting the government's failure to quell the terrorists of the Secret Army Organization.

Interior Minister Roger Frey charged that the Communists provoked the bloodshed and declared: "These people wanted trouble. Rarely have such well-organized bands of rioters attacked the security forces."

The Communists, backed by other left-wing parties and non-Communist trade unions, retaliated with a threat to call a general strike during the funerals of Thursday night's victims.

The non-Communist Socialist splinter party led by former Premier Pierre Mendes-France demanded the resignation of Paris police Chief Maurice Papon and the dismissal of Frey. The party claimed many of its members were among the injured.

While the mobs of leftists surged through the streets battling police, terrorists of the anti-De Gaulle Secret Army Organization set off a dozen or more plastic bombs in scattered sections of the capital. As usual the bombers got away.

Communist party offices and printing plants were attacked. One bomb badly damaged the Paris office of the Soviet news agency Tass in a building owned by the Soviet Embassy. A woman worker at one publishing firm was injured.

Workers' organizations, and trade unions rained down protests against the police suppression of the demonstration.

The club-swinging police suffered heavy casualties in the furious fighting as they charged repeatedly to break up the mobs. A communiqué said 184 policemen were injured, 10 seriously.

Authorities said they could give no idea of the number of rioters injured but there probably were several hundred.

Among the dead was Jean-Pierre Bernard, Communist secretary of the 15th district of Paris. First reports indicated at least three women and a 15-year-old boy were killed.

The Interior Ministry said all the dead apparently were crushed in the stampede. It denied a charge by the Communist newspaper Humanité that the police had fired on the mob.

Department Store Sales Higher

ST. LOUIS (AP)—Department store sales in the Eighth Federal Reserve District for last week were 17 per cent higher than the comparable week of 1961, the St. Louis Federal Reserve Bank reported today.

St. Louis led the district upturn with a 25 per cent increase. Louisville was up 15 per cent and Memphis 10 per cent. Little Rock showed a 5 per cent gain while smaller reporting points registered an 8 per cent loss.

District sales for the last four weeks were 5 per cent above those of the corresponding period last year.

For the year to date district sales are up one per cent.

Red Officer Turned Back by Americans

By GEORGE BOULTWOOD

BERLIN (AP)—The Soviet commandant in Berlin attempted to enter the American sector today in defiance of a United States ban. He turned back when U.S. Military Police asked him to identify himself.

The commandant, Col. Andrei I. Solovoyev, was on his way to the British sector to keep an appointment and could have entered the British sector directly—and was urged to do so by the British—but chose to test the American ban.

He appeared at the Friedrichstrasse crossing point in the U.S. sector, designated by the East Germans as the only crossing point through Berlin's wall for foreigners.

Had he crossed at any other point he would have been shown disrespect for the decrees of the East German regime—which the Soviets claim is a sovereign state.

Solovoyev has been banned from the American sector since Dec. 23.

At that time the U.S. commandant, Maj. Gen. Albert Watson II turned back from an effort to enter the Soviet zone because East German guards insisted for the first time that his civilian advisers in civilian clothes identify themselves.

A British spokesman said Solovoyev was coming to British headquarters for an appointment he requested, presumably to deliver the Soviet reply to an Allied proposal to end the impasse between him and Watson.

The British spokesman said Solovoyev was told to come direct to the British sector without going through the American zone. But Solovoyev sent word back he was coming through the Friedrichstrasse Crossing point into the American sector.

Luciano Was Poisoned, Report Says

ROME (AP)—A Rome paper said today deported vice lord Charles (Lucky) Luciano was poisoned—either by his own hand or by an underworld executioner.

Telesera, an afternoon daily, said an autopsy has shown that Luciano swallowed potassium cyanide.

Luciano died Jan. 26 while he was at the Naples airport to meet a visitor, Italian narcotics detectives said "he" was then being shadowed by agents investigating a \$150-million drug ring.

The 64-year-old underworld figure met his visitor. Then they slipped glasses of fruit juice at a bar. Minutes later, while walking to Luciano's car, the vice lord dropped dead.

An autopsy was performed Jan. 28. Afterward medical authorities said a preliminary check showed Luciano had died of a heart attack. Authorities, however, said they would not make a final report until completion of laboratory tests on certain organs.

Today Telesera reported traces of potassium cyanide had been found in the viscera. The newspaper said the final autopsy report meant Luciano had not died of a heart attack, but had been killed or committed suicide.

In Naples, Prof. Pietro Verga, who performed the autopsy, and the state prosecutor's office avoided a flat denial or confirmation of the Telesera story.

"I have made no statement to anyone," said Verga, without elaborating.

"The experts' appraisal is not yet complete," said the prosecutor. "Therefore, one cannot speak of poisoning."

Rumors had circulated in Naples that he poisoned himself to avoid imminent arrest or was poisoned by members of the drug ring under investigation by Italian, U.S., Spanish, French and Canadian narcotics agents.

U.S. officials had said Luciano's arrest by Italian authorities was imminent. The Italians never confirmed this, but Thursday night police issued a statement outlining details of their investigation of Luciano. It said investigations of the drug ring and Luciano's alleged connections with it were continuing "on an international scale."

Decides Girls Can Wear Slacks

CUERO, Tex. (AP)—The Cuero School Board has decided it's all right for girls in the fourth, fifth and sixth grades to wear slacks to school in cold weather.

An unusual January freeze set off a month-long dispute between parents and the board. It ended Thursday when Supt. John Barnes announced a change in rules.

Good Ark. Gains Made in Business

FAYETTEVILLE, Ark. (AP)—The Arkansas Business Bulletin reported today that the state made good gains in general business activity during the final three months of 1961.

As a result the state's economy showed a better performance for last year than had been expected, the Bulletin said in its February issue.

"In view of the upturn in Arkansas business activity during the last quarter of 1961 and the encouraging national trends, the state's progress in 1962 should maintain its past rate of advancement," the Bulletin said.

The Bulletin is published quarterly by the University of Arkansas' Bureau of Business and Economic Research.

The current issue noted that since 1950 total Arkansas personal income has expanded at an annual rate of 4.5 per cent. Increased industrial development was credited as the major factor in the growth.

Preliminary estimates of Arkansas' new personal income in 1961 amount to nearly \$2.5 billion, an increase for the year of about 4 per cent. The increase was slightly higher than the corresponding national gain of 3.7 per cent.

Arkansas income per person last year averaged \$1,390, up from \$1,342 in 1960, the bulletin said.

The fourth quarter of 1961 was characterized by significant gains over 1960 in farm cash receipts and in retail trade sales.

Non-farm employment for the quarter showed little change from 1960, but higher wage rates resulted in increased total payrolls.

The volume of bank check activity was more than 9 percent higher than the 1960 level.

Files Candidacy for State Senate

CROSSETT, Ark. (AP)—Rep. Hampton A. Etheridge Jr. of Ashley County has announced his candidacy for state senator from the 22nd District.

Etheridge, an automobile dealer, is serving his first term as representative.

He is the second candidate to announce for the 22nd District Senate post, which is being vacated by Gaither C. Johnston of Dermott.

Ray Tarvin of Portland announced his candidacy last month.

Bomb Threat Empties School

PINE BLUFF, Ark. (AP)—The Pine Bluff high school and junior high buildings were emptied of 1,900 students Thursday after an unidentified caller said a bomb had been planted in one of the buildings.

Officers said an unidentified woman telephoned the high school saying a bomb had been planted.

No Outbursts in Argentina in Cuba Break

By NAON ABRAMOVICH

BUENOS AIRES, Argentina (AP)—Police reinforcements moved into the heart of Buenos Aires Thursday night to counter pro-Castro outbursts against Argentina's diplomatic break with Cuba but the Argentine public appeared undisturbed.

President Arturo Frondizi took security precautions after bowing to his staunchly anti-Communist military chiefs and cutting ties with Havana, increasing the hemispheric isolation of that Communist dictatorship.

Guards were strengthened in front of the U.S. Embassy and other American agencies.

Argentina's break with Havana left only five of the 20 other American republics on formal speaking terms with the Castro regime. There were reports that Uruguay might soon join in the quarantine of Cuba. And a report that Argentina had asked Switzerland—not Brazil, the logical choice—to represent it in Havana touched off speculation that Brazil also might break relations with Castro.

Staying at the Argentine Embassy in Havana are Manuel Cardinal Arteaga Balancourt, Roman Catholic archbishop of Havana, and 32 refugees from the Castro regime.

A foreign ministry spokesman said the cardinal has been invited to come to Argentina. He added that any country that takes charge of Argentine affairs in Cuba would give the refugees protection.

Frondizi, 53, gave in grudgingly after the chiefs of the army, navy and air force served him an ultimatum demanding a complete break with Castro and his cohorts.

Argentina's about-face was the first crack in the six-nation bloc that held out at the Punta del Este conference against the United States-led campaign to oust Cuba from the Organization of American States.

The others—Brazil, Mexico, Chile, Ecuador and Bolivia—also have come under some anti-Castro pressure at home but so far have taken no move toward reversing their stand.

No Publicity Stunt, Says Actress

NASSAU, Bahamas (AP)—Actress Jayne Mansfield rested up in a hospital today after being marooned on wave-splashed rocks overnight in a bathing suit that gave mosquitoes and chilly winds a helpless target.

The shapely blonde, 28, her husband, Mickey Hargitay, 32, and a friend, Jack Drury, 35, were taken by boat from desolate Rose Island Thursday. They were spotted by a U.S. Coast Guard plane, one of scores of search craft that scoured Nassau Harbor and the Atlantic Ocean around it after the trio failed to return from a water-skiing excursion.

Dr. Meyer Rassin said, "Miss Mansfield is suffering from exposure and shock. She has a very bad case of insect bites. I am confining her to the hospital for at least 24 hours."

Hargitay, who like Drury, hotel publicist of Fort Lauderdale, Fla., suffered exposure and coral rock scrapes, wept when newsman bluntly asked if the trio's disappearance was a publicity stunt.

"Anyone who thinks this is a publicity stunt has got a mixed up mind," he snapped.

Arkadelphia Plant to Expand

ARKADELPHIA, Ark. (AP)—Oberman Manufacturing Co. of Arkadelphia has announced the addition of two new work lines allowing employment of 90 more persons.

Plant manager Everett Massey said the plant has increased its employment to 315 persons and about 45 more will be hired next week.

The plant, which manufactures men's slacks, has a weekly payroll of about \$17,000 Massey said.

Huge Egg Processing Plant Here; County Bond Vote March 20

John Randolph

Will Process 250,000 Dozen Eggs Weekly

Hempstead County Industrial Foundation today announced completion of negotiations for Delight Egg Farms, Inc., to build an egg processing plant near Hope with a capacity of 250,000 dozen eggs per week, the cost of land and building to be financed through a county bond issue.

The bond issue of \$225,000 will be voted on Tuesday, March 20, along with a tax of probably 2 mills.

However, the contract calls for repayment of the \$225,000 by Delight Egg Farms, Inc., of Hope over a 15 year period. Therefore the 2-mill tax would be merely authorized—not actually levied, unless Delight defaulted on its contract.

In this initial construction stage there would be built in addition to the egg processing plant housing facilities for 100,000 laying hens, which would provide approximately 15 per cent of the plant's requirements.

The project shapes up to around one million dollars total, \$225,000 for the bond issue and \$750,000 private investment. Starting employment would be 43, rising to an eventual 148. Estimated annual income generated by the expanded egg processing program is \$1,100,000.

Delight Egg Farms, Inc., is a joint venture by the officials of Cornbelt Hatcheries of Hope and Olson Brothers of Los Angeles. Delight officials are: C. Dean Olson, president; Mrs. Freda Greenan, vice-president; Glen Olson, treasurer; and John Randolph, secretary and general manager. Mrs. Greenan and Mr. Randolph are president and general manager, respectively of Cornbelt Hatcheries.

The following memorandum was issued this morning by Mr. Randolph regarding the Delight Egg Farms, Inc., expansion program:

A. Need For New Egg Processing Plant

1. Present marketing opportunities require the expansion of egg production by 600,000 hens in the next two years. Existing processing facilities are being used to capacity. A new plant capable of processing 7,000 cases of eggs per week is needed.

2. Presently, 1,000 cases of eggs per week are being produced in Hempstead County. The egg plant being rented from Corn Belt Hatcheries can handle only 1,000 cases weekly. Space is not adequate for expansion nor for the installation of new, modern equipment. Corn Belts expanded breeder flock program will soon need these facilities.

3. A new egg plant for 7,000 cases per week would require the immediate placement of 100,000 hens to produce 1,200 cases weekly. This added to the 1,000 cases now being produced in Hempstead County would permit the new plant to open with approximately 2,200 cases weekly, or about 30% capacity.

4. The chicken houses constructed in connection with the egg plant, would be of new style construction with hens housed in laying cages.

This would provide the following: Maximum efficiency for the soundness of the laying hen industry in this area.

A pilot project to serve as an example for the placement of an additional 500,000 laying hens in Hempstead County.

B. Results of This Proposed Development

1. Make possible the ultimate expansion of the laying hen industry in Hempstead County by 5 or 6 times. This initial phase would provide employment for

Briefs Filed in Printing Contracts

LITTLE ROCK (AP)—The latest development in the Parkin Printing Co. suit is a brief filed with the Supreme Court, in which Atty. Gen. Frank Holt says a printing company cannot win a big state printing contract through the courts.

Holt said in a brief filed Thursday that Arkansas Stationary and Furniture Co., one of the plaintiffs in the Parkin suit should not be given a contract first awarded to Parkin, then invalidated by Pulaski Chancellor Murray O. Reed.

Holt said the court should not usurp the constitutional requirements and substitute its judgment for that of a state Printing Board authorized to award the contracts.

The court has scheduled two hours of oral arguments on the Parkin case Monday. Then it will take the case under advisement.

Arkansas Stationary and Furniture and its parent company, Arkansas Printing and Lithography Co., attacked the right of Parkin to hold 15 state contracts because its president, Harry Parkin, is a member of the Highway Commission.

Red ruled that Parkin could not hold the contracts, but he did not do as requested by the plaintiffs and order that one of the contracts be awarded to Arkansas Stationary and Furniture as the second lowest bidder.

Parkin appealed the case to the Supreme Court.

DAR Plans History Observance

February being American History Month the John Cain Chapter of the DAR will present Mrs. McDowell Turner, program chairwoman, Feb. 14, whose topic will be "Americanism and Good Citizenship."

The honored guest will be the DAR Good Citizen girls, Miss Tina Pilkinton of Hope, and Miss Katherine Nelson of Lewisville.

Miss Betty Bryant, whom the Regent, Mrs. Arthur Wimmelt has chosen as her page for the DAR State Conference at Pine Bluff, March 1-3, will also be honored on this occasion. The meeting will be a luncheon at noon in the Rose Room of the Diamond.

The following are hostesses for the meeting: Mrs. Robert LaGrone, Mrs. Fred Ellis, Mrs. E. D. Dobson and Mrs. R. L. Searcy.

Mena Opens Plant

MENA, Ark. (AP)—The Polk County Garment Manufacturing Co. will formally open its plant here Sunday in ceremonies at which William P. Rock executive secretary of the Arkansas Industrial Development Commission, will speak. The factory will manufacture shirts and will employ about 80 persons at the outset. The plant was privately financed.

All Around Town

By The Star Staff

Application for surplus commodities will not be taken at the Hempstead Welfare Office except on the days specified . . . this is the first and third Mondays of each month . . . these are only two days in the month that applicants will be interviewed.

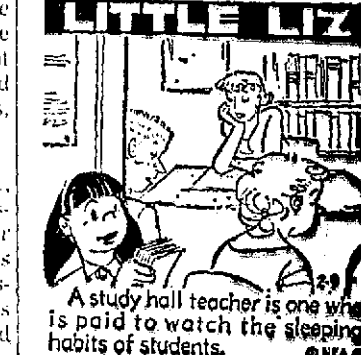

There is a persistent report circulating that Kelly Bryant, secretary of the Arkansas Sheriff's Association has a state office in mind . . . and if things work out right he just might be a candidate for Secretary of State . . . and we keep hearing about another local man vying the Governor's race . . . apparently Dean Murphy, truck stop operator could be persuaded.

Announcement has been made of the appointment of McDowell Turner, local mail carrier, to the Hempstead County Draft Board . . . the appointment was by President Kennedy . . . Mr. Turner replaces Mack Parson who resigned.

Revenue Inspector Mrs. Kathryn Jones reports 4,200 auto tags sold in Hempstead by the Jan. 31 deadline, this represents an increase of about 266 over last year . . . since the deadline another 200 have been sold making the total 4,400.

Judy Arnold, senior at Herlihy and daughter of Mr. and Mrs. Herbert Arnold of Walnut Ridge, formerly of Hope, has made the honor roll for the first semester at Hendrix with a 3.15 grade average . . . she is majoring in psychology.

Back to that police dog deal . . . there are some who think the local department needs a dog like another role in the head . . . what they really need is sirens and blinker lights for the patrol cars, we are told.

Rebuilding Old Church Announced

OZARK, Ark. (AP)—The century-old White Oak Presbyterian Church which burned last month will be rebuilt by donations from persons of several denominations who received religious training in the building.
Two 14-year-old boys are charged with setting the fire that destroyed the church.
The old church was valued at about \$10,000, said Carl Whitson, an elder for 50 years, and the churchmen have asked the Presbyterian Synod for \$2,000 in loans and grants.
There will be \$2,500 in insurance, he said, and the church expects the rest to come in donations. The new building is expected to cost between \$10,000 and \$12,000 and \$3,500 already has been donated.
The church will not be rebuilt as it was. Whitson said the new building will be of a more modern design to meet present needs.
The actual Presbyterian membership is only 15, but throughout the years persons from several de-

Deposition in Estate Tax Case

LITTLE ROCK (AP)—A Blytheville bank was authorized Thursday to take a deposition from a retired revenue agent for the Internal Revenue Service concerning the estate tax return of the late W. T. Kitchen of Blytheville.
Federal Judge Gordon E. Young authorized Farmers Bank and Trust Co. to secure the deposition from James F. Shofner of Little Rock.
Kitchen, who died in 1957, controlled a large amount of farm land through the Kitchen Farms Co. The bank was named executor of his estate.
In 1958, the Internal Revenue Service audited the estate tax return and determined the value at \$267,741 and taxes were paid on that basis.
However, the IRS refigured the value later at \$616,571 and charged an additional \$52,493 in taxes was owed. The bank paid the amount under protest Jan. 2 and is seeking a refund.
Shofner audited the estate tax return in 1958.
Young order the IRS to furnish Shofner with the estate tax return and the report he prepared in order that he can make the deposition.
nominations have attended Sunday School and church service there. Sunday School and services are being held in the White Oak school now.

SUB-NORMAL VISION

Over 2,000,000 persons in the United States have sub-normal vision. Many thousands more have less than 10% vision — one classified "legally blind." Serious disabilities — which conventional glasses cannot correct — may be caused by disease, injury of birth or injury through accident.

Recent research announced by the American Optometric Association gives the "partially sighted" new hope. Telescopic and microscopical lenses... contact lenses... and new pinhole devices may reduce excessive haziness. Patients may learn to enjoy movies, travel, reading, sewing and hobbies once more.

Psychological problems arise. Patients must be warned that a new device is an aid to vision — not a cure for defects. They must accept the sometimes unattractive appearance of these devices, and the time and effort required to learn to use them. Teams of highly trained specialists in the optometric field help solve these problems.

Reports Khrushchev in Good Health

MOSCOW (AP) — Brazil's charge d'affaires returned to Moscow today with a first hand report that Premier Khrushchev is in good health—despite rumors of recent assassination attempts—and takes a swim every morning. "I can give you my personal assurance," Roberto L. Assumpcao de Araujo told reporters "that Khrushchev is in good health. I can answer for his health."

The charge d'affaires, who is here supervising the opening of an embassy, spent an hour with Khrushchev near Sochi on the Black Sea Wednesday. He was the first diplomat to have seen him in nearly two weeks—a period during which rumors were afloat that an attempt had been made on Khrushchev's life, evidently in January. Correspondents could not substantiate the rumors.

Education Group May Name Director

LITTLE ROCK (AP) — William E. Darby of Little Rock chairman of the state Commission on Higher Education Finance, said today a director for the commission may be named at a meeting next Thursday.

The commission was authorized by the 1961 legislature to work with state supported colleges on budget and construction problems. Its 10 members were named by Gov. Orval E. Faubus last fall.

California Hit by Heavy Rainfall

LOS ANGELES (AP) — Hardship and sorrow, the negative by-products of Southern California's biggest downpour in years, threatened to mount today in the face of still more rain.

As the stubborn storm lingered for a third day, the Weather Bureau forecast another 1 to 2 inches for the Los Angeles Basin which already has received nearly three inches since the rains started on Wednesday.

Some districts have been pelted even harder. In Topanga Canyon, rainfall from the storm had reached 6.66 inches by mid-evening Thursday. Azusa had recorded 5.83 inches.

Although the heavy moisture was pronounced ideal for practically all crops, it caused numerous personal tragedies in urban areas: Two storm-related deaths; families forced to evacuate their flooded homes; mud and rock slides throughout the basin. Slick pavements and the frequent landslides made automobile travel a nightmare.

Flooding ranged from wading depth to torrents that washed over the tops of cars. Artesia Boulevard in Gardena was turned into a huge lake at one point.

west of the Harbor Freeway Thursday.

Police closed a 30-block section of suburban Culver City due to flooding Thursday night.

Dozens of families left their homes in the low-lying beach communities of the South Bay District as rising water made islands of some individual dwellings. Twenty-four persons were evacuated from flooded homes at Port Huene in Ventura County, where rainfall passed 5 inches. But many of the displaced families either had returned to their homes by early morning or were staying with friends.

Landslides were a constant menace. Especially hard hit were streets winding through the fire-damaged hills of the Bel-Air and Brentwood districts.

Three expensive homes in the Encino Hills, north of Los Angeles, were evacuated when a widening chasm developed from the rain-loosened land slippage.

Fresh snow fell in the San Gabriel and San Bernardino Mountains and the snow level was expected to dip to the 5,000-foot level today.

The usually dry Los Angeles river became a treacherous, churning stream Thursday.

Rainfall was general along the entire Pacific Coast and across lower elevations inland to the western slopes of the Rockies, with snow in the mountains.

Sleet pelted areas from south-east Nebraska and northeast Kan-

Three Students Die in Crash

NEWTON GROVE, N.C. (AP) — Six high school seniors piled into a car during their lunch hour and drove from the school parking lot in a hurry—right into the path of an ambulance.

Three were killed and the other three injured.

An elderly woman patient in the ambulance, which was taking her home from a hospital, was sent back to the hospital with critical injuries. Two other persons in the ambulance were injured.

The crash occurred outside the Hobbins High School Thursday. Those killed were Charles Ray Gordin, O. J. Bradshaw and Kent Sutton, all 18.

Injured students were Harold Ray Jackson, Noble Jernigan and David Cox. Jackson was in critical condition.

June Warren, the ambulance patient, suffered internal injuries. A friend of Mrs. Warren, Mrs. Gilbert Van, was hospitalized in serious condition. Another ambulance passenger, Carey Robinson of Clinton, suffered minor injuries. Driver Tony Mason Lockerman was not hurt.

sas eastward into northern Illinois. Snow fell north of the belt to the eastern Dakotas, Minnesota and Wisconsin. Rain damped southern sections of Missouri and Illinois.

Heavy snow was indicated from eastern Iowa across northwestern Illinois and southern Wisconsin, with falls ranging up to six inches. The snow was expected to spread through the Great Lakes Region into western New York and Pennsylvania while the rain belt headed eastward into the Carolinas and Virginia.

DOROTHY DIX

Over-Strict Parent, Over-Wrought Teen-Ager

By HELEN WORDEN ERSKINE

Dear Helen: A boy my brother and I knew killed his father. May-be you read about it. He was the most polite and obedient boy, never talking back. His father worked nights and all day long he was riding the boy. It was, "Do this, do that, or I'll beat the life out of you."

The only time the boy got away was when his father went to work. Then he'd come by our house and whistle. We'd sneak out if we could. He thought of my brother and me like we were his brother and sister. He'd tell us how his father did. It kept building up in his mind until one day he killed his father and we knew how he felt.

Our Mom and Dad fight each other and us all the time. My Dad tells me I'm stupid. "Nothing but a little punk." My mother harps on the way I look and act. She and Dad throw a fit if school friends come to see my brother and me, so the kids stop coming.

We're not allowed to go out. My brother is 19, I am 14. We're in the same High. Dad yells at him being 19 and still a senior. The constant fighting and nagging going on at home makes us flunk in our studies, then Dad and Mom yammer all the harder.

We hate our parents but we would never have the nerve to kill them. Sooner, we would kill ourselves. My brother and I talk about this. It's building up in us little by little and eventually something will happen. Isn't there some kind of authority who could do something for us? I'm begging you to help. —The Worried Ones

Dear Worried Ones: Tell the principal of your school what's going on at home. The fact that you and your brother both flunk in classwork is reason enough for him to take a hand.

Continuous bickering and criticism has warped your thinking, else you wouldn't talk of murder or suicide.

To take a life, even your own, is a shoddy, primitive sort of revenge. It would justify the low opinion your parents have of you. Real revenge lies in making the most of the lives God has given you, thus proving them pitifully mistaken. Ask the vocational guidance counselor at school to advise you on careers. Channel your studies toward this. Work day and

night to better those low grades and, if necessary, stuff cotton in your ears to shut off the hulla-balloo at home.

You and your brother have each other to confide in and encourage, so you are not altogether alone. Once you decide what you both want to do in life (aim for the stars), you can help one another to attain your goals.

Dear Helen: I am a divorcee, 35 years old, madly in love with a man of 27. He discounts the disparity of years. We share the same tastes, experiences and passion for truth. This, he insists, is all that matters. I want only his happiness and long to believe him. Do you? —Serious.

Dear Serious: It's the believing that makes it so. Age, as has often been said, is psychological, not physiological. Given love, understanding and companionship, what more can you ask? Stop quibbling.

Dear Helen: Why do most unmarried women omit the "Miss" nowadays, when bachelors continue to use "Mister"? I, as a spinster, resent this, just as I resent hearing the President of the United States called "Jack" and the First Lady "Jackie." Familiarity can breed contempt. Do you agree? —Miss Citizen

Dear Miss Citizen: It all depends upon the spirit which prompts the familiarity. I doubt that people Kennedy, or you, by first name, mean any disrespect. On the contrary, they probably regard it as a compliment—like taking you into the family.

Whether you are addressed as "Miss" Citizen or Mary Jane Citizen seems immaterial.

Send your problem to Helen Worden Erskine care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "Ambition."

'Noodles' Lacked Valuable Solids
WASHINGTON (AP) - The Food and Drug Administration announced today it has filed seizure actions against about 700,000 pounds of "egg noodles" shipped by a New York firm to the armed services on charges they lack valuable egg solids.
FDA said the noodles were delivered last year under an army contract by Paramount Macaroni Manufacturing Co., Inc., Brooklyn, to seven armed services depots. They are being seized - on charges of misbranding and adulteration - at Army depots at La-Trop, Calif.; New Cumberland, Pa.; Columbus, O.; Memphis, Tenn.; Fort Worth, Tex., and Fort Park, Ga.; and at a Naval supply center at Norfolk, Va.
FDA said the noodles contain substantially less egg solids than the 5.5 per cent quantity fixed by regulation.
The agency added that the total amount of egg solids allegedly omitted would have a value estimated at about \$38,700 at current market prices.

Concern Over Development in SE Asia

By THE ASSOCIATED PRESS

The United States and Thailand, a staunch ally that so far is not involved in the shooting, showed concern today at developments in Southeast Asia's Communist-backed rebellions.

The United States created a new command headed by a four-star general to conduct the greatly expanded U.S. effort to help South Viet Nam beat off the Communist threat.

A Defense Department spokesman in Washington said the move stresses that "we intend to win" the struggle.

The new command will direct the activities of U.S. helicopter, aircraft and other units which have been flowing into South Viet Nam over the past few months.

President Kennedy today nominated Gen. Paul D. Harkins, now deputy Army commander in the Pacific, to head the new command.

Thailand considered sending troops to its northern border with Laos to bar invasion routes the Laotian rebels could control if they win the battle for Nam Tha.

A lively gun duel broke out today at that strategic village, only 20 miles from Red China, between its royal army defenders and the pro-Communist siege forces. This followed a 48-hour lull.

Thailand's Prime Minister Marshal Sarit Thanarat and Defense Minister Gen. Thanom Kittikachorn told newsmen in Bangkok the fall of the northwest region of Laos seemed imminent. Sarit disclosed he had forces ready to move at a moment's notice. He did not say how many.

In South Viet Nam, joint U.S.-Vietnamese command teams may be created to assure closer liaison between the Vietnamese ground forces and the 4,000 Americans assigned to train and support them.

The U.S. servicemen, plus their dozens of planes and helicopters, have been used as Vietnamese military commanders thought best in training, communications, transport and general support. Combat airlift operations so far have not been as successful as American officers felt they should be.

Nearly 2,000 miles to the east, Dutch West New Guinea remained a potential flashpoint of war.

Indonesia's President Sukarno claims this territory which the Netherlands kept when it freed the rest of the Indonesian island chain in 1949. He called a meeting of his military staff in Jakarta immediately after returning from a week's stay in Bali.

The conference appeared to be a continued exercise of pressure on the Netherlands, in the dispute over West New Guinea. Sukarno sent his air chief of staff on an announced mission to Moscow Wednesday to speed up arms deliveries. He was reported to feel that hopes of winning New Guinea by negotiations were waning.

The Netherlands government informed the Dutch Parliament the results of efforts by U.N. Acting Secretary-General U Thant to bring about negotiations on New Guinea "are by no means sure."

A three-hour meeting of Dutch officials discussed the problem of transporting troop replacements to New Guinea.

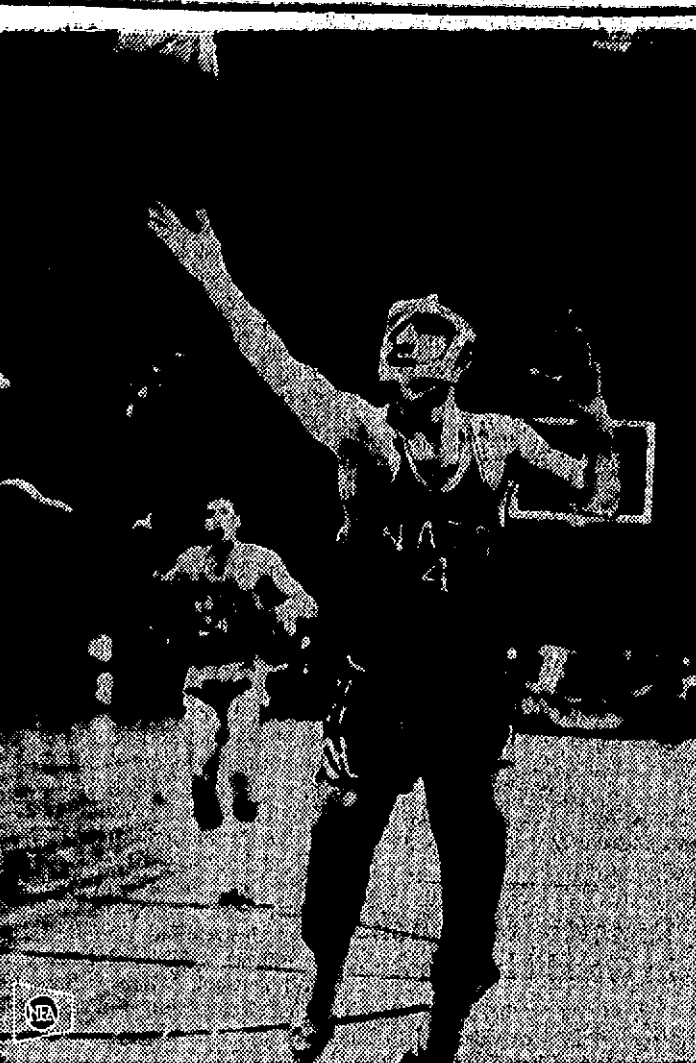

WASHINGTON (AP)—A device theoretically capable of bouncing radio signals off the moon has yielded highly effective results in the treatment of stubborn cases of arthritis and certain other ills, a group of doctors reported today.

The machine generates high-frequency, short-wave radio waves and emits them as pulses lasting only a 17,000th of a second each—somewhat similar to the way radar is employed. The pulsed currents are directed into a patient's body, with a maximum achievable penetration of eight inches.

Use of the technique in treating arthritis, bone infection following hip operations, inflammation of the female pelvis due to gonorrhea and other conditions, and in speeding healing of surgical wounds was described in a motion picture and in verbal reports by Dr. Euclid M. Smith of Hot Springs, Ark.; Dr. Dana Street of the University of Arkansas; Dr. Bruce Camern of Baylor University, Waco, Tex.; Dr. Marshall Lobell of Harlem Hospital, N.Y.; and Dr. Solon N. Blackberg of Chicago.

The reports were made at a private conference Wednesday to which a number of congressmen and doctors from the Public Health Service were invited.

THE STORY: Hilda is beginning to realize that she is almost a prisoner in the Russell home. As a relative she will not be paid a salary, and the wealthy Russell will buy her clothing. Hilda, a widow, has nothing.

Chapter 5
When they returned, the door was opened by the maid Hilda remembered from the night before. But now, after a quick glance at Hilda, the girl seemed a model of modesty.

She relieved her mistress of her furs. "Madame has had a successful shopping?" she inquired, and Hilda had to suppress a smile when she remembered how suddenly, last night, the girl's French accent had deserted her.

Hilda was gazing around the big room which faced Fifth Avenue. Her eyes took in the huge carved bed, hung with pale green satin, loped back by two gilded cupids. A totally unbidden thought of Uncle George lying fast asleep beneath the cupids crossed Hilda's mind, and she hastily turned her gaze to the satin draped windows, and the pale Aubusson rug.

"We went to Stewart's," she heard her aunt say, and was torn from her scrutiny of the room by the maid's exclamation.

"Madame has stopped at Stewart's?"
"Be quiet, Marie," Aunt Judith said in a low tone. "Mrs. Thorne needed some ready-made things."

Marie's eyes flicked Hilda up and down, expressionlessly, but Hilda had no doubt about Marie's opinion of Stewart's.

Handling her hat to the maid, Aunt Judith said, almost sharply, "You may go."

When the door shut behind the maid, Judith Russell absently motioned Hilda to a green velvet boudoir chair.

"I can imagine that talk with your uncle, this morning, confused you." She gave Hilda a frank smile. "Don't be embarrassed. It takes time to follow his method of speech. In fact, he says he had to propose to me twice before I understood."

She laughed, and Hilda joined in a little uncomfortably. She wasn't used to discussion of personal peculiarities.

"Poor George stuttered as a child," Aunt Judith went on more seriously, "and he still stutters, weigh on her so heavily before."

"And that reminds me," she went on. "A week from this Saturday, if the ice holds, we're giving an evening skating party for Jenny. I don't know whether you'll care to skate." Aunt Judith glanced at Hilda's black, "but, no doubt you'll like to see the young people enjoying themselves."

Hilda hadn't felt her 25 years weigh on her so heavily before.

The remembrance of her own feet, flying over the ice at home seemed, suddenly, a very long time ago.

"Yes, indeed," she said. "Oh, yes," Aunt Judith said, dabbing on scent from a gold-stoppered bottle, "you mustn't think I'd forgotten Addie. I've already asked Miss Maggy to take him in charge."

"Miss Maggy doesn't want to teach Addie."

"I hope it won't be too difficult for you," Aunt Judith's eyes, in the mirror, looked apologetically at Hilda. "You see, Miss Maggy is quite old now, and a bit set in her ways."

Hilda nodded.

Morrilton Has Inside on Tech School

By JOHN R. STARR

LITTLE ROCK (AP)—Morrilton took a possible inside track today as a potential site for Arkansas' second vocational-technical school.

Morrilton had an 11-man delegation, headed by Lt. Gov. Nathan Gordon, on hand when an advisory council charged with selecting a location held an organizational meeting at the capitol.

The council received applications for the school from five other cities, but only Morrilton was ready to argue its case.

State Sen. Knox Nelson of Pine Bluff was elected chairman of the council and Rep. C. D. Smith Jr. of Lincoln County was named vice chairman.

Gordon told the council Morrilton was ready to donate to the state any one of six pieces of property for the school.

Morrilton interest had prepared a brochure outlining reasons why their city should be selected.

The legislature, at a 1961 special session, allocated \$275,000 for a second trade school. The first costing more than \$500,000, already is in operation at Pine Bluff. Gordon said Morrilton residents felt their city was ideally located geographically for the new school. He noted Morrilton is in the Arkansas River Valley and the river is scheduled to be opened for navigation in a few years with a consequent industrial development of the area.

Written or telegraphed applications were received from Fort Smith, Magnolia, Camden, El Dorado, and Forrest City.

The council said it would reach no decision today, but it likely will recommend a location when it meets with the state Board of Education next Tuesday.

The council is empowered only to make a recommendation. The Board of Education will make the final decision.

First air conditioning at a U. S. airport terminal was at the Washington International Airport in 1941.

The remembrance of her own feet, flying over the ice at home seemed, suddenly, a very long time ago.

"Yes, indeed," she said. "Oh, yes," Aunt Judith said, dabbing on scent from a gold-stoppered bottle, "you mustn't think I'd forgotten Addie. I've already asked Miss Maggy to take him in charge."

"Miss Maggy doesn't want to teach Addie."

Crucial Game Tonight With Smackover

By VINCE FOSTER

Tonight at Jones Field House the Hope Bobcats play their most important game thus far in the season as they meet the league-leading Smackover Bucks. The Bucks hold an unblemished conference record of 4-0, while the Cats are in second place with a 3-1 tally.

The Bobcats will really have to have their defense down pat, since Buckaroos Agge and Burson hold down the 1-2 positions as leading district scorers. Agge has 175 points for a 21.6 average, while Burson has 155 points for a 19.9 average. Bobcat Jeffery Powell is in 7th place with 96 points and Murphy and Hatfield are in 8th and 9th with 87 and 85 points.

Smackover plays a very hard, fast game. One of their main attacks is the fast break via Burson and Agge with these Bucks depending on 210 pound all-state full-back Joe Black for rebounding. Black is capable of moving opponents away from rebounding positions with his weight. Previously this season Smackover dropped Hope there 75-55 in a wild game of run-shoot-boiler. Tonight the Cats hope to make the visitors play Hope's kind of basketball.

The senior game immediately follows the junior game which begins at 7 p.m. The Kittens must win tonight and tomorrow night if they are going to be able to go to the district playoffs and defend their championship of the past two seasons. Hope's Burnett is third in scoring with 77 points and Jordan is fifth with 52. The Kittens have a 3-4 record and must win the next two and hope the fourth place team loses this weekend, because only the top four teams can go to the district playoffs.

Everyone is urged to attend this important game and fully support the Bobcats in their bid for first place honors in the district. There was a basketball pep rally this morning at high school and it is hoped the students will turn out in full force. That is Jones Field House — Bobcats vs. Buckaroos — immediately following the junior game which begins at 7 p.m. Be there.

Athletes Make Academic Record

CHAMPAIGN, Ill. (AP) — An academic record unmatched in at least 30 years has been set at Illinois with all winter sports athletes completing first semester requirements without ineligibilities. "All members of the varsity basketball, track, fencing, gymnastics, swimming and wrestling teams met scholastic standards of the university and the Big Ten," said Athletic Director Doug Mills.

Chamberlain Off to a New Record

By THE ASSOCIATED PRESS

Will Chamberlain, fresh off still another record performance, takes his one-man scoring show to Boston tonight for a clash with his dearest enemies, Bill Russell and the Boston Celtics.

Chamberlain, Philadelphia's giant center, scored 50 points at Syracuse Thursday night in leading the Warriors to a 136-120 victory over New York in the first half of a National Basketball Association doubleheader.

It was the 40th time this season he has gone over 50 points.

With 19 regular season games to go, the 7-foot-1 scoring machine has produced 3,039 points, six more than he scored in selling an NBA record last season.

The Celtics suffered one of their rare defeats in the Syracuse twinbill, falling to the Nets 122-110. In the only other game, Oscar Robertson scored 33 points to lead Cincinnati to a 113-109 triumph over Western leader Los Angeles that broke a six-game Royal losing string.

Alworth Gets Honor at Fort Worth

FORT WORTH, Tex. — Lance Alworth, the Arkansas Razorbacks' star halfback for the last two years, received a special honor Thursday night — the sportsmanship award of the Fort Worth Kiwanis Club.

The award is given annually to a Southwest Conference player, selected by officials, players and coaches, who best personifies the spirit of sportsmanship.

In a brief acceptance speech, Alworth said the Southwest Conference is the greatest league in the country and that in three years of varsity football at Arkansas he never had seen a case of poor sportsmanship among the league's eight teams.

He cited the 1960 Arkansas-Texas Tech game in which the Hogs trounced the Red Raiders. Tech all-American center E. J. Holub kept knocking him down. Alworth said, but "every time he knocked me down he'd help me back up."

Arkansas head Coach Frank Broyles was the principal speaker at the luncheon.

Palmer in Torrid Start at Phoenix

By CARL BELL

PHOENIX, Ariz. (AP) — Arnold Palmer, his game once again sharp, is off to a torrid start in the \$35,000 Phoenix Open with a three stroke lead going into today's second round.

While first-day leaders often fade, Palmer usually gets better with each 18 and is especially noted for great final rounds.

He began defense of his Phoenix championship Thursday by shooting six birdies on the first seven holes and ended with a seven-under-par 64.

Leon Art Wall Jr. presented the most immediate threat to Miami, Fla., muscleman with 67.

Jack Nicklaus, new to the pro entourage after winning the U.S. Amateur and National Intercollegiate titles last year, was grouped with five others at two-under-par 69. U.S. Open champ Gene Littler was among 10 at 70.

Palmer's opening round was only a stroke over the tournament record for the 6,765-yard Phoenix Country Club course. It supported earlier evidence that he has regained the touch that earned him golf's largest bankroll in 1960 and second largest last year.

He was under par in each of the five rounds of last week's Palm Spring tourney, where he grabbed his first victory since the British Open in July.

Ingemar Plans Another Fight in Sweden

By BO JOHNSON

GOTEBORG, Sweden (AP) — Ingemar Johansson, former world heavyweight boxing champion, begins his comeback against Jamaican Joe Bygraves tonight with a reputation for slimming to rival even that of Archie Moore. Johansson is a 4-1 favorite for the bout.

Ingo shot up to about 215 pounds in his long layoff after his knockout loss to Floyd Patterson last March.

Many said he would never get back into fighting trim again.

"Maybe I've not taken off weight as sensationally as Archie Moore," said Johansson, "but I've taken it off. And I've taken it off by a combination of hard training and scientific eating," he added. Moore's weight reducing in the light heavyweight class is almost legendary. Johansson's weight, reducing, at least among Swedish fans who know him well, is something that proves that the Göteborg boy is serious in his bid to try to get back to the top. He now weighs about 198 pounds.

"I want to win back that world title and that's why I trained so hard in the last few months," Johansson said.

It was in June 1959, that Johansson shocked the world by knocking out Patterson in the third round.

A year later Patterson became the first man in history to regain the world heavy title by knocking out Johansson.

Patterson retained the title by again knocking out Johansson last March in Miami.

Johansson has not fought since that fight last year, and has slumped to sixth-rated challenger.

Bank Work Bid

LITTLE ROCK (AP) — An apparent low bid of \$29,740 was submitted Thursday by Mississippi Valley Engineering and Construction Co. of Memphis for a bank stabilization project on the Arkansas River five miles south of Paris. Army Engineers estimated the cost of the revetment and dike project at \$293,820.

Bradley Still Pace-setter of Conference

By JIM HACKLEMAN
Associated Press Sports Writer

Bradley remains the pace-setter in the light Missouri Valley basketball conference race after a romp, Cincinnati still is right behind after a squeaker, and Providence, St. John's and New York University are a notch higher in the struggle for Eastern supremacy.

Bradley kept its slender hold on the Missouri Valley lead Thursday night by routing North Texas 91-61 while Cincinnati stayed a half game back with a 54-40 decision at St. Louis.

In key Eastern games, Providence maintained its momentum by edging Boston College 70-68 and New York teams went 2-for-2 against Philadelphia clubs at Madison Square Garden, St. John's 79-66 over Villanova and NYU 78-73 against Temple in overtime.

Bradley, 15-3 and ranked seventh nationally, won for the eighth time in nine conference starts with the runaway at North Texas. Led by sophomore Joe Strawder and All-America Chet Walker, the Braves zeroed in with 17 straight points midway in the first half and breezed in. Strawder was high in the game with 23 points and Walker added 21.

Cincinnati's third-ranked Bearcats (18-2) had a scare on the Billikens' floor, dissipating 13 points of a 15-point second half lead before two foul shots by George Wilson and Tom Sizer's layup put it away.

Providence (14-4) played another cliff-hanger and pulled out its ninth victory in a row since a four-game losing slump on the road in December. Going with their five starters all the way, the Friars saw visiting Boston College rally to within two points with six seconds to go. Jim Had not led Providence with 28 points.

Thirty-two points and 20 rebounds by 6-foot-10 Leroy Ellis and Willie Hall's tight guarding job on Villanova star Hubie White keyed St. John's (14-4) to its victory over the Wildcats (16-5). The blond six-footer finished with 39-39 at halftime, but St. 35 points.

Arkansan Named

WASHINGTON (AP) — Julian Haas, manager of radio station KAGH, Crossett, Ark. is one of 23 broadcasters nominated for 12 seats on the board of directors of the National Association of Broadcasters. Haas was nominated for District 6, which includes Arkansas, Louisiana, Mississippi and Tennessee. Names of the new directors will be announced March 1.

John's took charge right after the intermission. White's 19 points led the Wildcats.

In the other half of the garden doubleheader, Mark Reiner put on a scintillating display of long-range jump shooting that sparked NYU (10-3) over Temple (12-5). The blond six-footer finished with 35 points.

AAU Leaders Call Summit Conference

CHICAGO (AP) — A summit meeting of leaders of the AAU and NCAA will be held in Chicago Sunday and Monday with the hope that there will be more swinging of an olive branch than a gavel.

The session, viewed by some as a "last chance" parley to bring peace in the battle for amateur athletic power, has been called by K.L. (Tug) Wilson, president of the U.S. Olympic Committee. Wilson said no public announcement on the conciliation meeting will be made until Monday noon.

There will be eight AAU delegates attending, headed by President Louis J. Fisher, of High Point, N.C., and eight from the NCAA, led by President Henry B. Hardt of Texas Christian.

Crux of the dispute, which Wilson believes will undermine the U.S. Olympic and Pan-American teams unless agreeably settled, is demands by the NCAA for greater control of amateur athletics, especially pertaining to international competition. The AAU is the certifying authority internationally. The NCAA, at its January convention in Chicago, backed formation of national federations in basketball, track and gymnastics.

Fight Is Delayed

SAN FRANCISCO (AP) — The world bantamweight championship match scheduled here Feb. 26 between champion Eder Jofre and Herman Marquez was postponed when Jofre injured his right wrist during training.

Aristides Jofre said in Sao Paulo, Brazil, Thursday that his son suffered the injury there while training on a heavy bag.

Lou Thomas, spokesman for the National Boxing Club said March 20 was the tentative new date for the bout between Jofre and his Mexican opponent.

Early Wynn Signs New Contract

CHICAGO (AP) — Early Wynn has signed his fifth Chicago White Sox contract — reportedly for \$30,000-\$35,000—but as far as figures go, his magic number is "8."

That's how many games the 42-year-old right-hander must win this season to reach the coveted 300 circle.

Wynn lost his chance to join Milwaukee's Warren Spahn at the 300 pinnacle last year. Spahn became the 13th pitcher of all time to reach that goal. The classy southpaw won 21 and now has 300 victories.

Wynn was hurling a shutout against the Baltimore Orioles last July 22 when his right elbow stiffened. The aching flapper was diagnosed as muscle trouble aggravated by a gout condition.

Wynn hasn't pitched since. His 8-4 record in 1961 left him with a career mark of 292-228.

His arm gave him no trouble Thursday when he signed his 1962 contract.

"It feels fine," he said, waving the pen. "I've been doing a lot of fishing and golfing. That's the arm therapy the doctor approved. Also been working at my construction business in Venice, (Fla.)."

"I have two ambitions for this season," said Wynn, whose first full major league season was with the Washington Senators in 1942. "I want to hit that 300 mark, first. Then, I want to be the second-oldest player in this year's All-Star game."

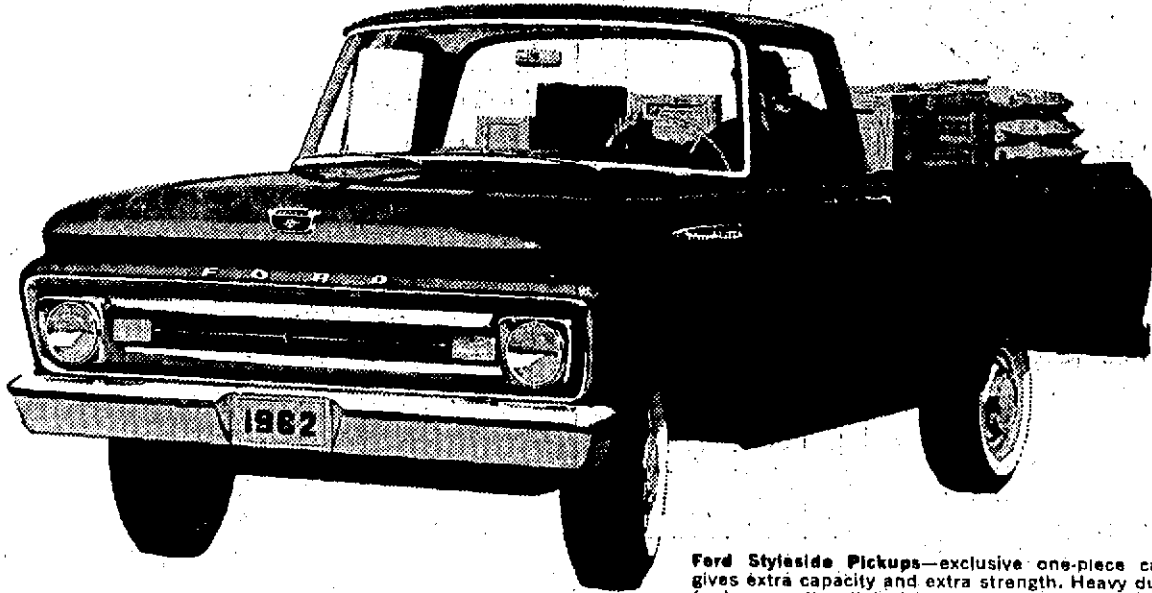

Wynn's second wish was a jest concerning Spahn, who will be 41 April 23.

Now that he has had the go ahead, Wynn said he would start throwing Feb. 26 with the White Sox in Sarasota, Fla.

Signs Contract

BOSTON (AP) — Pitcher Don Schwall, the American League's rookie of the year last season, has returned his signed 1962 contract, the Boston Red Sox announced today.

20 was the tentative new date for the bout between Jofre and his Mexican opponent.
